A PRIVATE BOX

"THE TAMING OF THE SHREW"

TO THE

MOST POPULAR TEACHER IN BRAINERD.

VOTE FOR YOUR CHOICE.

THE DISPATCH has ever been alive to the interests of education and has always endeavored to extend the scope of the acquirement of knowledge whenever an opportunity presents itself. With this end in view this paper has purchased a box for the performance of Shakespeare's "The Taming of the Shrew" which the well known star, Charles B. Hanford will present in this city at the Brainerd Opera House, on Monday Feb. 24. THE DISPATCH will present this box to the lady school teacher who will receive the largest number of votes.

This plan of voting is simple. All that is required for the casting of a vote is to fill and cut out the coupon printed below and send it to this office. Inasmuch as the box holds six persons, the lady for whom the largest number of ballots is cast can invite five of her friends to be her guests on the evening of February 24.

"The Taming of the Shrew" is one of the most amusing as well as instructive of Shakespeare's comedies. It has not been revived for several years and the production given by Mr. Hanford and his company is said to be adequate in every respect.

THE DISPATCH will announce the progress of the balloting each day by publishing the list of contestants with the number of their votes.

VOTING COUPON.

This is a vote for.....
Candidate for private box at the Brainerd Opera House for the performance of MR. CHARLES HANFORD in "The Taming of the Shrew," Feb. 24.

P. S. Write the name of your favorite on the line above and send or bring this coupon to the Dispatch office before 12 m. Feb. 22, 1902.

NOTICE—In addition to the coupon in each paper THE DISPATCH will issue 100 votes to each subscriber, new or old, who pays \$1.00 for three months in advance, 200 votes for six months in advance, and 500 for one year in advance.

MUNICIPAL ELECTIONS

CITY AND BOROUGH OFFICERS
CHOSEN THROUGHOUT
PENNSYLVANIA.

LOCAL ISSUES PREDOMINATE

Republican Candidates Sweep Everything Before Them in Philadelphia. While in Pittsburg a Coalition of Democrats and Independent Republicans Overthrows the Present Administration.

Philadelphia, Feb. 19.—Elections were held throughout Pennsylvania during the day for municipal and borough officers. There was no general vote either for county or state officers. In some sections of the state the recent heavy snow storm had made the roads almost impassable, and a light vote was the result, but in most sections a heavy vote was polled, especially in the larger cities. Local issues predominated in the various contests, general politics not entering as a rule in the settlement of the rights.

In Philadelphia the candidates supported by the Republican city and state leaders swept everything, electing all the candidates for the more important offices, and nearly all the ward officers. This also included a big majority for the \$5,000,000 improvement loan.

On the other hand Pittsburg was carried by those opposing the city and state administrations, the independent Republicans having formed a coalition with the Democrats, under the head of the Citizens' party.

In the other cities, as stated, local issues were fought out. Scranton elected P. W. Costello, Dem., for mayor. Wilkesbarre elected a Republican mayor, Charles H. Price.

Reading gave 350 majority for Edward Yeager, Dem., for mayor.

At Harrisburg, Vance C. McCormick, the Democratic candidate for mayor, is elected by 2,000 majority. McCormick is but 29 years of age, and was captain of Yale's football team of 1892.

At Lancaster the anti-Quay Republicans joined with the Democrats against Chester Cummings, the Quay Republican candidate for mayor, but Cummings was elected by nearly 1,200 majority.

REPUBLICANS DEFEATED.

Heaviest Municipal Election Vote Ever Cast at Pittsburg.

Pittsburg, Pa., Feb. 19.—After one of the fiercest and most stubbornly contested campaigns, the heaviest vote ever cast in a municipal election in Pittsburg was polled during the day. Returns so far received make it almost certain that the present Republican administration has been defeated by the Republican-Democratic or Citizens' ticket, by a good sized majority.

The citizens' chairman claims the election of John B. Larkin for controller by between 10,000 and 15,000 majority.

At no time, except at a presidential election, has the counting of votes produced more interest and the downtown streets were jammed with people awaiting the result of the contest. The new council will probably be Republican.

HUGO LOSING IN RECOUNT.

Plurality in Recent Duluth Election Reduced to Two Votes.

Duluth, Feb. 19.—The recount of the vote cast at the recent mayoralty election is attracting intense interest. When the commissioners finished counting for the day, with but four precincts left, Mayor Hugo's plurality, according to Democratic claims, had been reduced to two votes. The Republicans claim it is five at the lowest. One hundred and twenty-four doubtful ballots have been laid aside to be passed upon by the court. They are largely ballots upon which election judges neglected to put their signatures, and are about equally divided between the contestants. The recount will finish in the morning.

Bishop Hartzell on Refugee Camps.

London, Feb. 19.—The Daily Chronicle, in its Cape Town letter, gives the opinions of Dr. Joseph C. Hartzell of Cincinnati, missionary bishop of the Methodist Episcopal church in Africa, concerning the refugee camps. Bishop Hartzell thinks the formation of these camps was a wise military move and that they are likely to prove a most important factor in future settlement because of the education of the Boers in the matter of hygienic laws as well as in other directions affecting social life.

Oregon's Repairs Almost Complete.

Washington, Feb. 19.—The navy department has been informed that the repairs on the battleship Oregon at Puget Sound are practically complete. The hole in her bottom caused by her grounding in 1899 has all been closed, and she will be ready for duty about March 1.

Funston Tendered a Reception.

Kansas City, Feb. 19.—General Funston was discharged from the hospital during the day, and at night at Con-

vention Hall reviewed the Third regiment, M. N. G. He appeared to be in perfect health, and took great interest in the affair. He was given a rousing reception. Governor Dockery was to have occupied a box with the general, but was unable to attend.

Dewet's Forces Scattered.

Heilbron, Orange River Colony, Feb. 19.—The British columns have again come in contact with Dewet's forces near Reitz, Orange River Colony. The latter were split up and dispersed.

WHEN PRINCE HENRY ARRIVES.

Admiral Evans Issues Orders for the Naval Reception.

New York, Feb. 19.—Rear Admiral R. B. D. Evans has issued orders to the captains of his fleet concerning their duties on Washington's birthday, the day Prince Henry is expected to arrive. First the orders direct that at 8 a. m. the vessels of the squadron will "full dress" ship and remain so until sunset. At meridian a national salute will be fired.

When the Kron Prinz Wilhelm, having on board Prince Henry, arrives the admiral and his staff will board her at or near quarantine. When the liner passes Admiral Evans' squadron the vessels will man the military tops, turrets and rails. A salute of 21 guns will be fired by each ship, the German flag being broken at the main at the first gun. At the last gun of the salute each vessel will haul down the German flag, and hoist the American flag.

When Hohenzollern hoists the imperial standard a salute of 21 guns will be fired by each ship of the squadron. After the imperial standard has been saluted, commanding officers of the squadron will visit the Hohenzollern and pay their respects to Prince Henry.

The ships of the squadron will be illuminated with electric lights and mottoes furnished for the purpose from 7 p. m. to 9 p. m. The builders of Emperor William's yacht said that the platform around the yacht would only accommodate 200 people. These will be Prince Henry and his party, the president and his delegates and such others as can be accommodated.

LUMBERMEN IN SESSION.

Mississippi Valley Association in Annual Convention at Minneapolis.

Minneapolis, Feb. 19.—The Mississippi Valley Lumbermen's association met in annual session in the ordinary of the West hotel at 2 o'clock p. m. There were present a large number of lumber manufacturers from all the states comprised in the district covered by the association.

One of the most important questions to come up will be the revision of certain clauses in the constitution. These changes were decided on at the last annual meeting, when a committee was appointed to look into the matter and suggest changes.

The changes have been made necessary on account of the extensive growth of the lumber industry. The price list committee is not provided for by the other constitution, and it is expected that a new provision covering this detail will be adopted. Nothing was given out at the adjournment of the price list committee at noon, except that there will be practically no changes in the prevailing list of prices.

The lumbermen feel much encouraged at the bright outlook for the year.

REV. TSILKA ARRESTED.

Charged With Complicity in the Kidnapping of Miss Stone.

Paris, Feb. 19.—The Temps publishes a dispatch from Constantinople which announces that Miss Ellen M. Stone has been released by the brigands, who have held her captive since Sept. last, and she has been handed over in good health to the dragoman of the American legation.

The dispatch adds that the "Rev. Tsilka has been arrested on the charge of complicity in the kidnapping of Miss Stone."

London, Feb. 19.—The Rev. Tsilka, who, according to the Constantinople correspondent of the Paris Temps, in a dispatch announcing the release of Miss Stone, had been arrested on the charge of complicity in the kidnapping of the missionary, is the husband of Mrs. Tsilka, Miss Stone's companion. It was announced recently that the Turkish authorities suspected the Rev. Tsilka of complicity in the abduction of the missionaries.

THE ILLINOIS ACCEPTED.

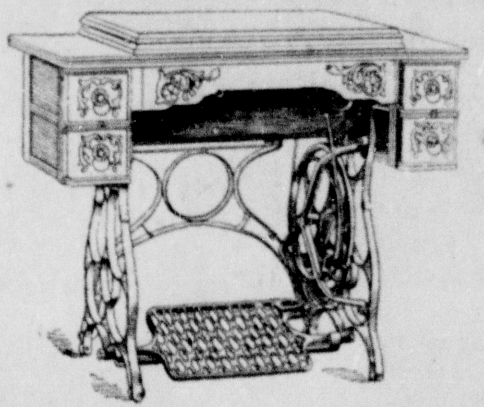

Bad Weather Prevented a Complete Trial of the New Warship.

Washington, Feb. 19.—The navy department has decided the official report of the naval trial board on the final acceptance trial of the battleship Illinois, made on her way from Hampton Roads to New York last week. The vessel was given a 48-hour run under natural draft. Her engines registered 1014 revolutions, a speed of about 15½ knots. The vessel encountered severe weather on her way north, and it was found impossible to try her guns on account of a solid covering of ice three inches thick over her decks and turret tops. The board therefore decided the excellent showing made by the guns of the vessel off New Orleans some time ago should stand as her gun trial. The board says that the vessel's machinery worked satisfactorily.

transmitting power from its dam and plant at the Missouri river to Butte. The length of this line is 65 miles, crossing the main ridge of the Rocky mountains at an altitude of 7,200 feet and a spur of the main range at almost an equal height. At present this line conveys 12,000 horse-power, but it is intended to double the power by the construction of another dam.

The transmission line consists of two complete lines on parallel poles of three large cables each.

FELL FOURTEEN STORIES.

Two Structural Iron Workers Killed at Cleveland.

Cleveland, Feb. 19.—Harry J. Wilson and Fred Buell, structural iron workers on the Scofield building, were killed by falling 14 stories to the ground late in the afternoon. The men were descending in an elevator. A large timber projecting from the elevator caught in a passing floor, and tore the floor of the elevator out. Both were dead when picked up.

We played ping pong! Ah, she was fair, And we alone contented there. She screamed a happy scream as I Compelled the little spheres to fly Far out of bounds and didn't care.

She clapped her hands, all unaware That I lost purposely; I swear She seemed an angel from the sky. We played ping pong.

Her rounded, dimpled arms were bare, And something urged me on to dare; She gave one little, frightened cry, And then I heard her sweetly sigh. The glory was divided where We played ping pong.

HELEN KELLER'S TALK.

Former Dumb Girl's Expression of Joy Over a Gift.

Miss Helen Keller has had a pleasant surprise which came the other day in the nature of a reward after the long mid-year examinations, says a Boston dispatch to the New York Times. In the office of Dr. J. Varnum Mott at the Hotel Pelham some of her friends in her class at Radcliffe presented to her a valuable Boston terrier, Sir Thomas. The leaders in the movement were Miss Edith Sherman of 463 Commonwealth avenue, Boston, and Miss Lillian Cutten of Roxbury, both of the sophomore class.

Miss Keller was once both deaf, dumb and blind, but she can talk now. She knelt beside the dog, fondling and petting him.

"Is it really mine?" she said in a tremulous voice.

Then she rose and, holding Miss Sherman's hand, cried with the pleasure of a child, "Oh, I am so happy!" The next moment she was on her knees again, stroking her pet. She asked Miss Cutten to come to her and told her friends how much she appreciated the gift. She spoke rapidly, as is her custom—unintelligently to those unused to her—but Miss Sullivan repeated her words phrase by phrase.

"I thank you very much, dear friends," she said, "for the happiness you have given me. It is as great as it is unexpected. I shall love the dog, but even more your kindness. I thank you all so much, and I thank you, too, Dr. Mott."

The length of this line is 65 miles, crossing the main ridge of the Rocky mountains at an altitude of 7,200 feet and a spur of the main range at almost an equal height. At present this line conveys 12,000 horse-power, but it is intended to double the power by the construction of another dam. The transmission line consists of two complete lines on parallel poles of three large cables each.

FELL FOURTEEN STORIES.

Two Structural Iron Workers Killed at Cleveland.

Cleveland, Feb. 19.—Harry J. Wilson and Fred Buell, structural iron workers on the Scofield building, were killed by falling 14 stories to the ground late in the afternoon. The men were descending in an elevator. A large timber projecting from the elevator caught in a passing floor, and tore the floor of the elevator out. Both were dead when picked up.

We played ping pong! Ah, she was fair, And we alone contented there. She screamed a happy scream as I Compelled the little sphere to fly Far out of bounds and didn't care.

She clapped her hands, all unaware That I lost purposely; I swear She seemed an angel from the sky. We played ping pong.

Her rounded, dimpled arms were bare, And something urged me on to dare; She gave one little, frightened cry, And then I heard her sweetly sigh. The glory was divided where We played ping pong.

HELEN KELLER'S TALK.

Former Dumb Girl's Expression of Joy Over a Gift.

Miss Helen Keller has had a pleasant surprise which came the other day in the nature of a reward after the long midyear examinations, says a Boston dispatch to the New York Times. In the office of Dr. J. Varnum Mott at the Hotel Pelham some of her friends in her class at Radcliffe presented to her a valuable Boston terrier, Sir Thomas. The leaders in the movement were Miss Edith Sherman of 463 Commonwealth avenue, Boston, and Miss Lillian Cullen of Roxbury, both of the sophomore class.

Miss Keller was once both deaf, dumb and blind, but she can talk now. She knelt beside the dog, fondling and petting him.

"Is it really mine?" she said in a tremulous voice.

Then she rose and, holding Miss Sherman's hand, cried with the pleasure of a child, "Oh, I am so happy!" The next moment she was on her knees again, stroking her pet. She asked Miss Cullen to come to her and told her friends how much she appreciated the gift. She spoke rapidly, as is her custom—unintelligently to those unused to her—but Miss Sullivan repeated her words phrase by phrase.

"I thank you very much, dear friends," she said, "for the happiness you have given me. It is as great as it is unexpected. I shall love the dog, but even more your kindness. I thank you all so much, and I thank you, too, Dr. Mott."

Weather.

Generally fair tonight and Thursday.

The Aitkin Age celebrates its 20th birthday by adding an engine to the equipment and printing by power.

MINNESOTA is enjoying balmy weather, while Connecticut, New York, Pennsylvania and other eastern states are suffering from blizzards and inclement weather.

The action of the board of education last night will meet with the hearty approval of nearly every citizen of the city. It was the only solution of the difficulty possible and maintain peace and order in the schools.

The old saying that "love laughs at bars and bolts" has been demonstrated in an Idaho town by a swain who swore that the young lady was "over 18" in order to procure the marriage license. The number 18 had been cut in the heel of the girl's shoe, and now the fellow has been arrested for perjury.

T. H. SHELVIN, the jolly lumberman and all round good fellow, would like to see his friend Buckman in congress. He also believes that the republicans should give Van Sant an unanimous renomination—all of which goes to show that Thomas is not so busy down in Washington having a good time as to lose sight of his friends back here in Minnesota, says the St. Cloud Journal-Press.

AND now Uncle Tom's Cabin, which all these long years has amused the public is to be suppressed, if the Daughters of the Confederacy have their way. Just why they object is not made clear, unless it is that John L. Sullivan, who is starring in the role of the slave owner, is too realistic. They have petitioned the theatre managers of Little Rock, Arkansas, requesting that the play be not put on in that city.

LOCAL NEWS NOTES.

W. C. Andrews went west this afternoon.

J. R. Smith returned this afternoon from Minneapolis, where he has been on business.

The retail clerks will meet tonight instead of tomorrow night. Business of importance will be transacted.

Supt. Cook, of the Brainerd Lumber Co., returned from Minneapolis this afternoon, where he visited for a few days with his family.

Services at St. Paul's Guild room this evening at 8 p. m. On Friday at 4:15 and 8. Choir practice in the rectory Thursday evening at 7:30.

Roadmaster Tyler is in Duluth interviewing Supt. Brown regarding matters of business connected with the work on the Superior division of the N. P.

This afternoon little two-year old Cyril F. Vallentyne entertained about sixteen of his little friends on the event of his birthday. The little folks had a delightful time.

Traffic on the Duluth-Superior division is said to be exceptionally heavy at this time. The way freight brought in the longest string of cars last night in many weeks, all loaded.

J. A. Michaelson, traveling passenger agent of the D. S. S. & A. R. Y., has been in the city for a few days visiting his sister, Mrs. J. S. Drysdale. He left this afternoon for Bemidji.

M. R. Reier received a telegram this morning from Appleton, Minn., announcing the sudden death of his father. He left for that place this afternoon. He has the sympathy of his many friends in the city.

The Northern Pacific east bound train for Duluth was delayed a half hour for more at Cedar Lake yesterday afternoon. A hot box on the front truck of the locomotive caused all the trouble. The engine was "jacked up" and a new brass was put in.

J. M. Elder left last night for St. Paul on business.

Rev. N. P. Glemaker went to Little Falls this afternoon.

Mrs. C. Grandelmyer left this afternoon for Aitkin for a few days visit.

N. N. Wooley returned from his old home at Sleepy Eye this morning.

W. C. Smith, ex-chief engineer of the M. & L., spent yesterday in the city.

Editor N. H. Ingersoll left for St. Paul this afternoon to attend the meeting of the editorial association.

E. J. Ryan, the popular traveling salesman, for Foot, Schultz & Co., is in the city today calling on the trade.

The furniture for the new Elk hall arrived in the city this morning and is being placed this afternoon. The furnishings are exquisite.

Sidney Hockridge, actuary at the Evergreen cemetery, slipped and fell while working in the cemetery a few days ago and sprained his back quite badly.

John Thelander, of Long Lake, died yesterday of diabetes. He was a son of Oscar Thelander and was fifteen years of age. The funeral was held this afternoon at Long Lake.

A marriage license was granted this morning to Mrs. Josephine Farrar and John Malon Clark. The former recently arrived in the city from Minneapolis. The latter is a farmer living north of the city.

Last night a genuine surprise party was given to Mr. and Mrs. William Bredfeld. Mr. Bredfeld was laid up with rheumatism and Mrs. Bredfeld was at lodge meeting, but the large party took possession of the home. It was the thirtieth anniversary of the wedding of Mr. and Mrs. Bredfeld, and they received the heartfelt wishes of all that they may live to celebrate their golden wedding.

J. F. Jerrard, business manager of the Journal-Press company, of St. Cloud, is in the city today in the interest of the firm. This is Mr. Jerrard's first trip to the city in the interest of the bookbinding and legal blank department recently acquired by the Journal-Press people and he is meeting the business men and county and city officials today. The Journal-Press company has a well equipped plant and their work in the blank book line is equal to anything that can be turned out in the northwest. Mr. Jerrard is meeting with good success on this trip, having returned last night from Aitkin.

KATRINE.

Rev. Parish called at Katrine Saturday.

R. J. Maghan has finished his logging contract.

St. Valentine distributed his missives Saturday.

Mrs. Maghan is visiting with her sister at Merrifield.

Mr. Chas. Shepard is preparing to build a new house this summer.

Mr. and Mrs. Robert Archibald, of Deerwood, were at Bay Lake Monday.

The Pine Tree Co.'s loggers are through on Bay Lake, the last load crossed the lake Friday.

It has been said that Shakespeare stole Bacon; while we had a whole pig given us Saturday.

Mrs. Conzit, mother of Mrs. D. Archibald, suffered a paralytic stroke Sunday and was still lying unconscious Tuesday morning.

Some of the friends of Mrs. C. C. Wheeler, remembering that Wednesday was her birthday, called about dinner time, and cleared the boards.

We are informed that Mr. Phelps, of Crow Wing, will locate at Bay Lake in the near future. Another example of a good man going to a good place.

A letter from Sears, Roebuck & Co. informs us that N. Newgard has one of their catalogues and has promised to let us use it. Bring it down Nick.

The modern interpretation of St. Valentine day is described by Burns when he says, "O, wad some pow'r the giftie gie us, to see ourselves as others see us!"

Tuesday about 1 p. m., Jas. Bordwell was seriously hurt while loading logs for Pine Tree Co. His legs were caught under rolling logs. He was taken to Brainerd Wednesday.

Neighborhood Gossip.

Walter Besse, of West Superior, was drowned while skating on the lake.

The Congregational church of Marshall has extended a call to Rev. J. W. Vallentyne, of Buffalo.

A young farmer by the name of Lee living not far from St. James was gored to death by a bull.

John Brown, a Woodman, was killed at Duluth by being struck on the jaw by a colored "red hot" man.

Andrew Tapper, the murderer of Rosa Mixa at Chaska, expiated his crime on the gallows yesterday morning.

Local hardware men of Fargo, are planning a good time for the visitors next week to the North Dakota Retail Hardware Dealers' association.

Mrs. May, wife of a minister residing near Jamestown, has received word that she has been left half a million by relatives in England.

A petition has been filed in the United States court at Fergus Falls by the creditors of the firm of Anderson & Peppel, of Borup, asking that the firm be declared bankrupt.

An effort is being made among the business men along the Northern Pacific to get the gap of about 100 miles of telephone line between Jamestown, Bismarck and Mandan completed this year.

William Burnett and John McArthur have been taken to Fergus Falls where they will answer to the charge of burning the jail on the White Earth Indian agency. They will have a hearing in the federal court.

Work at rebuilding Factory B. of the Red Wing Sewer Pipe company, destroyed by fire a week ago, has already commenced. The new factory will be larger than the old one, modern in every detail, and as nearly fire-proof as it is possible to make it.

Princeton, Mille Lacs county, is one of the busiest burghs in the north, west and all on account of the lake. The "murphies" are shipped away down into Texas and the demand is excellent. Dozens of cars of potatoes and baled hay are billed out every day. The merchants are all prospering.

Mr. and Mrs. Robert Ray, who have for a number of years been prominently identified with the business and social interests of Crookston will leave shortly for the Yakima Valley where Mr. Ray has made large investments, and where they will in the future make their home.

An enthusiastic meeting was held at Crookston to consider the recommendation of an army post for Crookston. Resolutions were adopted, calling the attention of congress to the strategic location of Crookston for a post, and urging the Minnesota delegation to do all in their power to secure it.

The police are looking for John Peterson, aged 60, who recently sold his farm near Devils Lake, N. D. He has been with his brother in St. Paul. When last seen he had with him a few dollars and a check for \$2,500. He left the house Friday and it is feared he may have been made off with.

The socialists of Crookston have nominated two municipal candidates by petition, Jno Kiewel, a shoe dealer for mayor, and O. Mortenson, for alderman at large. The canvassing board have also ruled that Kiewel is the candidate of the citizen's party. The Republican have nominated Chas. Hitchcock, of the implement firm of Hitchcock & Keating, for mayor.

The people of Cass Lake are awaiting with much anxiety the outcome of the work now being done in Washington to pass the amended Morris bill. The defeat of the bill will result in a period of stagnation for that community it is thought. Many of the people came at a time when the government advertised that the reservation would be thrown open within a month and they invested their all there.

The Cass Land company is now the owner of all the L. W. Hill property, a deal having been consummated whereby the company now owns all the salable lots which were sold at the St. Cloud land office on Nov. 1st, 1899. This sale was made at the instance of the secretary of the interior following the famous eviction order that was never enforced. At the St. Cloud sale, the Cass Land Company secured the land on which most of the residences of the organized village are now located.

M. C. FORTNER

KILLED IN IOWA

Ex-Conductor on the Minnesota & International meets Death in Sensational Manner.

FELL FROM TOP OF A BOX CAR.

No Other Information was received Other Than that He Had Been Killed.

Information has been received in the city from Des Moines, Iowa, that M. C. Fortner, who was until about a year ago conductor on the Minnesota & International, was killed in a very sensational manner at that place a few days ago.

The particulars of the sudden death are rather meagre but, it has been ascertained that he was killed by falling from off the top of a box car, while working in the capacity of a brakeman on one of the lines running into that city.

Fortner was very well known in this city. He did not make his home here but at Bemidji, but run in here every day.

I. B. Porter returned yesterday from a two weeks' visit in the southern part of the state where he reports having had the best time of his life.

METEOR'S STEERING GEAR.

How the German Emperor's Yacht Will Be Guided.

The German emperor's schooner yacht, the Meteor, will have a steering apparatus which has been specially designed for the yacht by G. D. Loud, treasurer of the Edison Manufacturing company of Boston, which is thus described by the Boston Transcript:

"The new steering gear works with wonderful ease—in fact, a child can manipulate it without difficulty. There is also not the slightest lost motion. On the fore and aft screw, one-half of which is forward and the other half aft of the rudder head, work the connecting straps. The outside diameter of this triple thread screw is 2 3/4 inches, the pitch of the screw being 1 1/4 inches. The connecting straps are of Norway iron, the traversing nuts being of gun metal. Some idea of the power of the steering gear may be gained from the statement that a sample pouring of the cast iron in the rudder head casting stood a tensile test of 32,307 pounds to the square inch before breaking, the test having been made by Professor E. F. Miller of the Massachusetts Institute of Technology.

"The rudder head swivel box is made of gun metal, while the rudder head is of steel, 3 1/2 inches in diameter. The rudder post has a rake of 33 degrees. The ball bearing supports for the rudder post rest on thirty-two steel balls, running on case hardened steel plates, with four adjusting screws, which provide for the wearing strain on the rudder pintles. The gear is also provided with two taffrail boxes, one forward and one aft, with rubber springs. It takes five and a half turns of the wheel to turn the rudder from hard up to hard down, 45 degrees in each direction.

"The landsman will perhaps be more attracted to the wheel, which is certainly a thing of beauty. It is fifty-four inches in diameter from tip to tip. The hub is of highly polished brass. There are ten rosewood spokes, the felloes being of teak and the rim of ebony. Where the king spoke passes through there is inlaid in the rim the coat of arms of the German emperor done in gold and silver. On the remaining part of the rim at each spoke is set the German cross. The tip of the king spoke bears the German crown in German silver, while the tips of the remaining spokes bear plain caps of the same metal. The wheel alone was made at a cost of \$500."

WILL NOT LIVE IN A HOUSE

Lancaster County (Pa.) Man Has Dwelt Outdoors Many Years.

Efforts that proved unavailing have been made during the extreme cold weather of the past few days to have Gottlieb Gohdyohl, an aged resident of Lancaster county, Pa., to give up his abode in the open air.

He came to this country at the close of the civil war, and since then he has never sought the shelter of a house, living outdoors in all sorts of weather, says the Philadelphia Press. He is now domiciled in a small wood near Elizabethtown. His only protection at night consists of rags and tattered clothing begged from farmers. For five years Gohdyohl, with his wife, who is now dead, lived in the open along the Conestoga creek. The man is well read and perfectly sane.

The Globe barber shop will be open for baths 8 to 12 Sunday forenoons. New first-class barber from Michigan.

A GUESSING CONTEST.

A Ladies' Gold Watch Valued at \$25 Given Away Free.

The Boston Coffee House, of Boston, Mass., has made arrangements with H. P. Dunn & Co., of this city, to display in their window a beautiful ladies' hunting case gold watch to be given away free.

They also display at the same place a glass jar filled with candy.

Every person purchasing one pound of Log Cabin coffee from any store in this city and bringing the wrappers to H. P. Dunn & Co's store will be entitled to one guess for each pound purchased.

The names and the number guessed by each person will be registered in rotation as they come in, and the first person so registered who guesses the correct number, or nearest the correct number of pieces of candy in the jar will be awarded the beautiful gold watch.

Guessing contest closes Friday, March 14th, at 7 o'clock p. m., at which time the jar will be opened and candy counted by a committee of disinterested parties. Ask your grocer for Log Cabin, Mocha and Java coffee. The price of it is 25c per pound. Save the wrappers and bring them to us.

There have been thousands of pounds of this coffee sold in this city, and it is as good as most coffee sold at 35c per pound.

Respectfully,
H. P. DUNN & CO.

Hill property, a deal having been completed whereby the company now owns all the salable lots which were sold at the St. Cloud land office on Nov. 1st, 1890. This sale was made at the instance of the secretary of the interior following the famous eviction order that was never enforced. At the St. Cloud sale, the Cass Land Company secured the land on which most of the residences of the organized village are now located.

M. C. FORTNER

KILLED IN IOWA

Ex-Conductor on the Minnesota & International meets Death in Sensational Manner.

FELL FROM TOP OF A BOX CAR.

No Other Information was received Other Than that He Had Been Killed.

Information has been received in the city from Des Moines, Iowa, that M. C. Fortner, who was until about a year ago conductor on the Minnesota & International, was killed in a very sensational manner at that place a few days ago.

The particulars of the sudden death are rather meagre but, it has been ascertained that he was killed by falling from off the top of a box car, while working in the capacity of a brakeman on one of the lines running into that city.

Fortner was very well known in this city. He did not make his home here but at Bemidji, but run in here every day.

I. B. Porter returned yesterday from a two weeks' visit in the southern part of the state where he reports having had the best time of his life.

METEOR'S STEERING GEAR.

How the German Emperor's Yacht Will Be Guided.

The German emperor's schooner yacht, the Meteor, will have a steering apparatus which has been specially designed for the yacht by G. D. Loud, treasurer of the Edison Manufacturing company of Boston, which is thus described by the Boston Transcript:

"The new steering gear works with wonderful ease—in fact, a child can manipulate it without difficulty. There is also not the slightest lost motion. On the fore and aft screw, one-half of which is forward and the other half aft of the rudder head, work the connecting straps. The outside diameter of this triple thread screw is 2½ inches, the pitch of the screw being 1½ inches. The connecting straps are of Norway iron, the traversing nuts being of gun metal. Some idea of the power of the steering gear may be gained from the statement that a sample pouring of the cast iron in the rudder head casting stood a tensile test of 32,307 pounds to the square inch before breaking, the test having been made by Professor E. F. Miller of the Massachusetts Institute of Technology.

"The rudder head swivel box is made of gun metal, while the rudder head is of steel, 3½ inches in diameter. The rudder post has a rake of 33 degrees. The ball bearing supports for the rudder post rest on thirty-two steel balls, running on case hardened steel plates, with four adjusting screws, which provide for the wearing strain on the rudder pintles. The gear is also provided with two taffrail boxes, one forward and one aft, with rubber springs. It takes five and a half turns of the wheel to turn the rudder from hard up to hard down, 45 degrees in each direction.

"The landsman will perhaps be more attracted to the wheel, which is certainly a thing of beauty. It is fifty-four inches in diameter from tip to tip. The hub is of highly polished brass. There are ten rosewood spokes, the felloes being of teak and the rim of ebony. Where the king spoke passes through there is inlaid in the rim the coat of arms of the German emperor done in gold and silver. On the remaining part of the rim at each spoke is set the German cross. The tip of the king spoke bears the German crown in German silver, while the tips of the remaining spokes bear plain caps of the same metal. The wheel alone was made at a cost of \$500."

WILL NOT LIVE IN A HOUSE

Lancaster County (Pa.) Man Has Dwelt Outdoors Many Years.

Efforts that proved unavailing have been made during the extreme cold weather of the past few days to have Gottlieb Goldvohl, an aged resident of Lancaster county, Pa., to give up his abode in the open air.

He came to this country at the close of the civil war, and since then he has never sought the shelter of a house, living outdoors in all sorts of weather, says the Philadelphia Press. He is now domiciled in a small wood near Elizabethtown. His only protection at night consists of rags and tattered clothing begged from farmers. For five years Goldvohl, with his wife, who is now dead, lived in the open along the Cone-stoga creek. The man is well read and perfectly sane.

The Globe barber shop will be open for baths 8 to 12 Sunday forenoons. New first-class barber from Michigan.

A GUESSING CONTEST.

A Ladies' Gold Watch Valued at \$25 Given Away Free.

The Boston Coffee House, of Boston, Mass., has made arrangements with H. P. Dunn & Co., of this city, to display in their window a beautiful ladies' hunting case gold watch to be given away free.

They also display at the same place a glass jar filled with candy.

Every person purchasing one pound of Log Cabin coffee from any store in this city and bringing the wrappers to H. P. Dunn & Co's store will be entitled to one guess for each pound purchased.

The names and the number guessed by each person will be registered in rotation as they come in, and the first person so registered who guesses the correct number, or nearest the correct number of pieces of candy in the jar will be awarded the beautiful gold watch.

Guessing contest closes Friday, March 14th, at 7 o'clock p. m., at which time the jar will be opened and candy counted by a committee of disinterested parties. Ask your grocer for Log Cabin, Mocha and Java coffee. The price of it is 25c per pound. Save the wrappers and bring them to us.

There have been thousands of pounds of this coffee sold in this city, and it is as good as most coffee sold at 35c per pound.

Respectfully,
H. P. DUNN & CO.

TORRENS LET OUT BY SCHOOL BOARD

Strong Communication Read From
Eleven of the Teachers of
The City.

WAS PRETTY WARM FOR TIME.

Board Decides by a Vote of
6 to 3 to Dispense with
His Services.

There was a special meeting of the board of education at the Washington school building last night, and it is thought that the action of the board in reference to the Torrens difficulty last night will terminate for a time at least the trouble that has been brewing in the schools of the city.

During the past week or ten days the trouble in the schools of the city, deplorable as it may seem, has been the theme of conversation on every street corner until the little children who are in the primary grades have taken up the cry and they too joined in the gossip. Since the meeting on Saturday evening, when a number of the best teachers met and invited some of the members of the board of education to meet with them to discuss the matter, it was well known that something would have to be done and that at once.

Last night when the board met they went into executive session at once and "not even" the newspaper men were allowed permission to be present and hear the vital matter discussed. The DISPATCH has it on good authority that there was not much of anything said as to the past, future or present actions of the superintendent of schools in the executive session last night, the hour and a half which was consumed being taken up with the discussion of how best to proceed with the matter.

The call for the meeting was read and the secretary at once read the communication which was signed by eleven of the most prominent teachers in the city. In substance it stated that the condition of affairs in the city schools had reached that point which they thought should not be tolerated and which to them were unendurable, and that they would not teach longer under the present supervision.

As soon as this communication was read the board went into executive session and remained so for over an hour. In the meantime a large crowd had gathered without, the hall ways being crowded with hundreds of people clamoring for admission. These were mostly students who had gathered, and they made Rome howl with their yells and shouts. At the executive session it is understood that the communication of the teachers was discussed at length. Supt. Torrens was present and he asked that the matter be deferred for a time and that the teachers file their charges in writing, and that he be given a limited amount of time in which to answer them. Nothing was said at all at this session about what the charges might be, so that these are not made of record.

All the members of the board were present except Dr. Groves. After they came out of the executive session again a motion was made that the communication of the teachers be accepted and that the services of Superintendent Torrens be dispensed with from date. There was not a word of discussion on this matter in open session. A motion was made that the board vote by ayes and nays, but an amendment was made that the vote be taken by ballot. The amendment was lost.

President Hagberg then ordered the roll called and the first motion carried by a vote of 6 to 3. The following was the vote: Ayes—Dickinson, Storm, Halladay, Preston, Johnson and Mahlum. Nays—Hagberg, Keene and Erickson.

A motion was then made and carried that the secretary instruct the principals of the various schools to go ahead with the schools as they best see fit until further notice.

The teachers who have been instrumental in bringing about the results of last night's meeting, and who signed the petition, want it understood that the Somers matter had nothing to do with their action.

They also resent with strenuous objections the charge of Prof. Torrens that Prof. Hauff has been at the head of this matter. They state they do not think it was necessary to have anyone prompt them; they have some backbone themselves.

The conditions which prevailed outside the school building last night was deplorable to say the least. Something like 200 school children, young and old, gathered without and when the result was made known they howled and hooted at the top of their voices and conducted themselves in an unseemly manner.

ESDON ETCHINGS.

There was a pleasant surprise party at Mrs. S. A. Chord's in honor of her sixty-third birthday the 7th of February.

The logging teams are hauling across Portage lake for the last week. The lumber camps will be a thing of the past in this locality in a few days.

Little Helen Hammett had her arm bitten by a tramp dog. Her mother had gone to Brainerd. It was quite a serious bite but is improving quite rapidly.

Mrs. M. L. Hammett gave a small dancing party on the 8th, inst. The young people seemed to enjoy the evening very much, and all enjoyed the music, which was furnished by Mr. and Miss Norcross of Bay Lake.

Mr. and Mrs. M. L. Hammett's son Oscar met with quite a serious accident last Tuesday noon. He had his hand cut clear through by a blow from an axe. The cords are quite badly mangled, but it is hoped the bones are not injured. He was taken as soon as possible to St. Joseph's hospital. Unfortunately no one thought to cord his arm until Mrs. Hammett returned from the post office where she happened to be at the time. He lost so much blood that he was very weak, but is improving and will probably be home soon.

Here's Brainerd testimony to prove it.

Mrs. S. Brain, of 125 South Ninth street, says: "I can recommend Doan's Ointment highly for hemorrhoids, an affliction which gave me no end of misery. Procuring a box at a drug store I only made a few applications of the ointment and there has not been the slightest annoyance since. I am fully convinced after such an experience, that Doan's Ointment is a medicine which can be relied upon to cure any one suffering from an exasperating annoyance as I had."

A REARRANGEMENT MAY BE EFFECTED

Rumor That the M. & I. Will Be
Entirely Absorbed by North-
ern Pacific.

DIVISION TERMINUS TALK.

Said That General Manager Gem-
mell will Be Given a Good
Birth With N. P.

While it is generally known that the Minnesota & International Ry., is a subsidiary line to the Northern Pacific, and that it is operated independently entirely, it is rumored that a rearrangement is soon to be effected which will change things around materially. It is rumored that there will be a great many changes and the one especially interesting to Brainerd is the one which is afloat regarding the disposition of the Minnesota & International line between this city and Blackduck about 115 miles.

It has been stated that the day is not far distant when this line will be placed in one of the divisions. The DISPATCH simply publishes this matter as a rumor, but the fact that Assistant Superintendent Soverign, of the second Minnesota division started over the line today on a little inspection tour gives some weight to the rumors. It is generally known that there is a general upheaval in N. P. railroad circles in St. Paul and that different officers are being called in from over the lines. As one prominent railroad man who was in the city today remarked, "we are all up in the air."

Along with the above rumor comes a revival of the division terminus talk. It is asserted that if the M. & I. is absorbed and taken into one of the other divisions that Brainerd will again become the division terminus.

It is further stated that General Manager Gemmell will be provided for with a good birth in case the deal now talked of will be a go.

Injured His Leg.

James Bardwell, employed by the Pine Tree Lumber Co. at its Smith camp, twenty miles from Deerwood, was brought to the city last evening and taken to the Northern Pacific hospital. Bardwell is suffering from a badly bruised leg, the result of being pinched between two logs. He was engaged in loading, and says that although he has worked in the pineries and on the drives for fifteen years, this is the first accident he ever had. It is not thought that any bones were broken.

Have Gone To Walker.

Mrs. Fleer and Miss Hartfield, the two young women who had been soliciting for the Baker orphanage, Duluth, and who had been stopped in their operations by an order to the police from Mayor Boyd yesterday, left the city last night. They gave Walker as their objective point, and it is surmised that the Walker residents and their money will be soon parted.—St. Cloud Journal-Press.

MUSIC AND DRAMA.

"ALVIN JOSLIN."

The original and the best of all the rural dramas, "Alvin Joslin," will be the attraction at the Brainerd Opera House on Saturday night. To thousands of play-goers from the Atlantic to the Pacific the coming of this old-time favorite is a source of pleasure. For years this jolly old farmer hero of the stage has crowded the leading theatres throughout the country. To old and young he is equally welcome. To see him is to laugh until one is tired, while at the same time the splendid story and excellent melodramatic situations give one something to remember and talk about for days afterwards. It is a refreshing change from these so called comedies. The stage and scenic effects are all new this season, the company competent in every way, and no expense has been spared to make the production first class in every respect. The play is splendidly staged, showing many well known places in New York City. Among the principal scenes presented are the Brooklyn Bridge with a view of Brooklyn, by moonlight, a thieves' den in Baxter Street, a Bowery Concert Hall, and the Grand Central Depot. Several first class specialties will be introduced during the action of the play.

"TAMING OF THE SHREW."

To witness Shakespeare's comedies is to combine amusement with instruction. "The Taming of the Shrew" which is conceded to be the most amusing by far of the lighter works of the great poet will be presented in this city at the Brainerd Opera House on Feb. 24, by the well known star, Charles B. Hanford and a large and competent supporting company. This promises to be one of the greatest treats of the theatrical season. Entirely new and complete scenery is carried with this production, the attractiveness of which is also enhanced by the beautiful costumes, electrical effects, etc. Mr. Hanford's company is said to be the strongest he has ever been associated with. It is headed by Miss Helen Grantly whose portraits have caused so many admiring comments from art critics.

WILLIAM OWEN.

William Owen's production of Romeo and Juliet will be notable for cast, scenery and costumes. Beside Mr. Owen as Romeo, Mr. McConnell will play Friar Lawrence and Miss Reynolds Juliet. The remainder of the cast will comprise the choicest members of former seasons. The Owen company in fact is known as one of the best touring the country. The scenery will be special and new, Romeo and Juliet presenting many opportunities for the scene painters' art. The balcony scene will be a dream of beauty and the tomb scene artistic to a degree.

The costumes will be in keeping with the great reputation already established by this company, which is to say that they will be correct, costly and sumptuous. At Brainerd Opera House, March 1.

"WHEN WE WERE TWENTY-ONE."

The great company which will appear shortly in this city in Esmond's "When We Were Twenty-One", numbers among its principal members: Walter Walker, W. J. Butler, John T. Burke, Albert Dorris, E. B. Tilton, W. E. Butterfield, Chas. C. Quinn, Thurston Hall, John Hanney, Frank Cooley, Dorothy Tennant, Adlyn Hall, Mrs. W. J. Butler, Mildred St. Pierre, Irene Gaunt Tilton, Clara Barney, Etta Harris, George P. Lowe, Arthur Gordon. The tour is under the direction of William Morris and John T. Hall.

"THE PRIDE OF JENNICO."

"The pride of Jennico," will be shortly presented in this city, and it is already beginning to rouse a thrill of interest among theatre goers. It has made a phenomenal success in New York and elsewhere, and will be given here with all its beautiful scenery, picturesque costumes and elaborate display. The company is one of the best organizations on the road and is playing to crowded houses everywhere.

Little Helen Hammett had her arm bitten by a tramp dog. Her mother had gone to Brainerd. It was quite a serious bite but is improving quite rapidly.

Mrs. M. L. Hammett gave a small dancing party on the 8th, inst. The young people seemed to enjoy the evening very much, and all enjoyed the music, which was furnished by Mr. and Miss Norcross of Bay Lake.

Mr. and Mrs. M. L. Hammett's son Oscar met with quite a serious accident last Tuesday noon. He had his hand cut clear through by a blow from an axe. The cords are quite badly mangled, but it is hoped the bones are not injured. He was taken as soon as possible to St. Joseph's hospital. Unfortunately no one thought to cord his arm until Mrs. Hammett returned from the post office where she happened to be at the time. He lost so much blood that he was very weak, but is improving and will probably be home soon.

DAME RUMOR.

RESTFUL SLEEP.

Many Brainerd People Find It Hard To Get.

Hard to sleep at night. With that awful bane, Itching Piles. With irritating Eczema. With any itchiness of the skin. Doan's Ointment relieves and cures.

Here's Brainerd testimony to prove it. Mrs. S. Brain, of 125 South Ninth street, says: "I can recommend Doan's Ointment highly for hemorrhoids, an affliction which gave me no end of misery. Procuring a box at a drug store I only made a few applications of the ointment and there has not been the slightest annoyance since. I am fully convinced after such an experience, that Doan's Ointment is a medicine which can be relied upon to cure any one suffering from an exasperating annoyance as I had."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

A REARRANGEMENT MAY BE EFFECTED

Rumor That the M. & I. Will Be
Entirely Absorbed by North-
ern Pacific.

DIVISION TERMINUS TALK.

Said That General Manager Gem-
mell will Be Given a Good
Birth With N. P.

While it is generally known that the Minnesota & International Ry. is a subsidiary line to the Northern Pacific, and that it is operated independently entirely, it is rumored that a rearrangement is soon to be effected which will change things around materially. It is rumored that there will be a great many changes and the one especially interesting to Brainerd is the one which is afloat regarding the disposition of the Minnesota & International line between this city and Blackduck about 115 miles.

It has been stated that the day is not far distant when this line will be placed in one of the divisions. The DISPATCH simply publishes this matter as a rumor, but the fact that Assistant Superintendent Sovereign, of the second Minnesota division started over the line today on a little inspection tour gives some weight to the rumors. It is generally known that there is a general upheaval in N. P. railroad circles in St. Paul and that different officers are being called in from over the lines. As one prominent railroad man who was in the city today remarked, "we are all up in the air."

Along with the above rumor comes a revival of the division terminus talk. It is asserted that if the M. & I. is absorbed and taken into one of the other divisions that Brainerd will again become the division terminus.

It is further stated that General Manager Gemmell will be provided for with a good birth in case the deal now talked of will be a go.

Injured His Leg.

James Bardwell, employed by the Pine Tree Lumber Co. at its Smith camp, twenty miles from Deerwood, was brought to the city last evening and taken to the Northern Pacific hospital. Bardwell is suffering from a badly bruised leg, the result of being pinched between two logs. He was engaged in loading, and says that although he has worked in the pineries and on the drives for fifteen years, this is the first accident he ever had. It is not thought that any bones were broken.

Have Gone To Walker.

Mrs. Fleer and Miss Hartfield, the two young women who had been soliciting for the Baker orphanage, Duluth, and who had been stopped in their operations by an order to the police from Mayor Boyd yesterday, left the city last night. They gave Walker as their objective point, and it is surmised that the Walker residents and their money will be soon parted.—St. Cloud Journal-Press.

MUSIC AND DRAMA.

"ALVIN JOSLIN."

The original and the best of all the rural dramas, "Alvin Joslin," will be the attraction at the Brainerd Opera House on Saturday night. To thousands of play-goers from the Atlantic to the Pacific the coming of this old-time favorite is a source of pleasure. For years this jolly old farmer hero of the stage has crowded the leading theatres throughout the country. To old and young he is equally welcome. To see him is to laugh until one is tired, while at the same time the splendid story and excellent melodramatic situations give one something to remember and talk about for days afterwards. It is a refreshing change from these so-called comedies. The stage and scenic effects are all new this season, the company competent in every way, and no expense has been spared to make the production first class in every respect. The play is splendidly staged, showing many well known places in New York City. Among the principal scenes presented are the Brooklyn Bridge with a view of Brooklyn, by moonlight, a thieves' den in Baxter Street, a Bowery Concert Hall, and the Grand Central Depot. Several first class specialties will be introduced during the action of the play.

"TAMING OF THE SHREW."

To witness Shakespeare's comedies is to combine amusement with instruction. "The Taming of the Shrew" which is conceded to be the most amusing by far of the lighter works of the great poet will be presented in this city at the Brainerd Opera House on Feb. 24, by the well known star, Charles B. Hanford and a large and competent supporting company. This promises to be one of the greatest treats of the theatrical season. Entirely new and complete scenery is carried with this production, the attractiveness of which is also enhanced by the beautiful costumes, electrical effects, etc. Mr. Hanford's company is said to be the strongest he has ever been associated with. It is headed by Miss Helen Grantly whose portraits have caused so many admiring comments from art critics.

WILLIAM OWEN.

William Owen's production of Romeo and Juliet will be notable for cast, scenery and costumes. Beside Mr. Owen as Romeo, Mr. McConnell will play Friar Lawrence and Miss Reynolds Juliet. The remainder of the cast will comprise the choicest members of former seasons. The Owen company in fact is known as one of the best touring the country. The scenery will be special and new, Romeo and Juliet presenting many opportunities for the scene painters' art. The balcony scene will be a dream of beauty and the tomb scene artistic to a degree.

The costumes will be in keeping with the great reputation already established by this company, which is to say that they will be correct, costly and sumptuous. At Brainerd Opera House, March 1.

"WHEN WE WERE TWENTY-ONE."

The great company which will appear shortly in this city in Esmond's "When We Were Twenty-One," numbers among its principal members: Walter Walker, W. J. Butler, John T. Burke, Albert Dorris, E. B. Tilton, W. E. Butterfield, Chas. C. Quinn, Thurston Hall, John Hanney, Frank Cooley, Dorothy Tennant, Adlyn Hall, Mrs. W. J. Butler, Mildred St. Pierre, Irene Gaunt Tilton, Clara Barney, Etta Harris, George P. Lowe, Arthur Gordon. The tour is under the direction of William Morris and John T. Hall.

"THE PRIDE OF JENNICO."

"The pride of Jennico," will be shortly presented in this city, and it is already beginning to rouse a thrill of interest among theatre goers. It has made a phenomenal success in New York and elsewhere, and will be given here with all its beautiful scenery, picturesque costumes and elaborate display. The company is one of the best organizations on the road and is playing to crowded houses everywhere.

WILL VOTE ON MONDAY

SENATE AGREES ON TIME FOR
DISPOSAL OF PHILIPPINE
TARIFF BILL.

MR. WELLINGTON'S ADDRESS

Opposes the Pending Measure on the
Grounds of Taxing People Without
Representation and Governing
Them Against Their Will—Speech
of Mr. Wheeler Last Friday Dis-
cussed by the House.

Washington, Feb. 19.—It was agreed
by the senate during the day that a
final vote on the Philippine tariff bill
and the pending amendments should
be taken next Monday afternoon at
4 o'clock. The only stipulation made
by the minority was that the last day's
debate should be devoted to speeches
not exceeding 15 minutes in duration.
Senator Wellington of Maryland spoke
in opposition to the pending bill and
Senator Stewart of Nevada in sup-
port of the measure. Mr. Wellington's
address covered the Philippine ques-
tion generally.

He set forth his well known views
forcefully. He had always been a
Republican, he said, a believer in the
system of protection and a supporter
of the gold standard, but he had come
to the parting of the ways with his
party in 1898, when it developed "its
imperialistic tendencies." He opposed
the pending tariff bill, because he
did not think congress had the right
to enact legislation by which people
were taxed without representation and
governed without their consent.

Mr. Stewart made a brief legal and
constitutional argument in support of
the authority of congress to hold the
Philippines, and to provide a proper
government for their inhabitants.

Philippine War Discussed.
From the beginning of the war in
the Philippines, it was evident, he in-
sisted, that it would continue until
the bitter end—that is, until the Phi-
lippines should be subjugated or abso-
lutely exterminated.

Passing incidentally from the Phil-
ippines to Cuba, Mr. Wellington referred
to the battle of Santiago where the
American squadron, he declared, was
under the command of Rear Admiral
Sampson, but was led by "the Mary-
land hero, Admiral Schley."

Mr. Wellington said that after the
ratification of the treaty of Paris the
American administration had had no
definite Philippine policy. He ridicu-
led Mr. Lodge's assertion that congress
should make no promises to the Phi-
lippines, that it "should not mortgage
the unknown future."

At the conclusion of Mr. Well-
ington's speech, a house bill appropriat-
ing \$5,000 to clear the Potomac river
near Washington of ice was passed.

Mr. Stewart of Nevada then ad-
dressed the senate in support of the
administration's Philippine policy.

The senate then at 4 o'clock went
into executive session, and at 4:08 p.
m. adjourned.

HOUSE PROCEEDINGS.

Last Friday's Speech of Mr. Wheeler
Severely Criticized.

Washington, Feb. 19.—The speech
of Mr. Wheeler of Kentucky, in the
house last Friday, when he bitterly
assailed Secretary Hay and Lord
Pamceter and criticized the official
preparations for the reception of
Prince Henry, had a sequel in the
house during the debate on the Indian
appropriation bill. Mr. Gillett of
Massachusetts in a half hour speech
declared that the intemperance of Mr.
Wheeler's language carried its own
condemnation. Nevertheless, he (Gil-
lett) grievously deplored such an af-
front to a foreign country. During the
course of the speech two Democrats—
Robinson of Indiana and Thayer of
Massachusetts—disclaimed any sym-
pathy with Mr. Wheeler's utterances.
These disclaimers drew from Mr. Tal-
bert of South Carolina the statement
that he desired to share in the respon-
sibility of the speech, every word of
which he said he endorsed. Mr.
Wheeler himself subsequently replied to
Mr. Gillett, reaffirming what he
had said, and declaring that he would
stand by his words whether they were
discreet or not. He read a number
of letters, telegrams and one cable-
gram from London commending his
utterances. The incident was the
feature of the day.

Earlier in the session Mr. Hill of
Connecticut and Mr. Shafroth of Colo-
rado discussed the former's bill to re-
deem silver in gold. Mr. Burleson of
Texas criticized the president for
changing his position on trusts.

The Indian bill itself was not touch-
ed in the speech-making.

Miners Perish in Snowslide.

Seattle, Wash., Feb. 19.—A special
to The Post-Intelligencer from Ketch-
ikan, states that three miners perished
in a snowslide on Prince of Wales is-
land on the morning of Feb. 3. They
were Thomas McDewitt, James Lodge
and Chris Jensen. The men were
carried 400 feet down a mountain side
by the avalanche and buried deep be-
neath the snow. The bodies were re-
covered.

Twenty-six Families Homeless.

Chicago, Feb. 19.—Twenty-six fam-
ilies were burned out in a fire that
destroyed the 4-story apartment build-
ing located at Fifty-sixth street and
Madison avenue. Many women and
children were compelled to leave the
building by way of the fire escapes,
aided by firemen, but all the occupants
of the structure have been accounted
for.

Postmaster Commits Suicide.

Hastings, Neb., 19.—Louis B. Part-
ridge, for six years postmaster at Ken-
esaw, this county, committed suicide
by shooting himself in the head. His
act, it is apparent, was due to the dis-
covery to a shortage in his accounts.

RIOTING CONTINUES.

Troops Repeatedly Charge the Mobs
at Barcelona.

Barcelona, Feb. 19.—Rioting was re-
newed here during the evening and
crowds of strikers paraded the streets
doing extensive damage. The troops
charged them repeatedly, but only suc-
ceeded in dispersing them on opening
fire. The strikers then assembled in
large numbers in the outskirts of the
city. It is feared they meditate an
attack upon the factories. Troops
have proceeded to the factories to be
in readiness for an emergency.

A serious collision between the
troops and the strikers occurred at
San Martin, a village in the suburbs.
Here the troops fired on the mob, kill-
ing three and wounding six. At Bad-
alena the mob attacked the gendarmes
and the cavalry who were protecting
the street cars, and a serious melee
followed, in which one person was
killed and three were wounded. At
Sabadell, also in the suburbs, the
strikers burned the tax offices and a
convict.

Troops have been sent to Sabadell
and other places to suppress the dis-
orders.

The new prefect presided at a con-
ference of delegates from the strikers
and their employers, at which it was
agreed that work should be resumed
pending the adjustment of the claims
of the strikers by a mixed commission.

Madrid, Feb. 19.—The strike move-
ment threatens to involve the whole
of Catalonia. The strict censorship
maintained makes it difficult to get
accurate news of the occurrences. One
of the chief aims of the strikers at
Barcelona seems to be to prevent the
sale of food. The slaughter houses
are filled with meat which the strikers
prevent from being delivered to the
shops. Similar conditions exist in the
other food markets, with the result
that prices are rising and a famine
is feared. It is believed the strikers
have secreted stores of provisions.

Both houses passed a bill suspend-
ing the constitutional guarantees in
the sub-province of Barcelona.

CREW UNDER ARREST.

Mutiny on Board an American Mer-
chantman at Pago Pago.

San Francisco, Feb. 19.—Advises
from Tutuila, Samoa, under date of
Feb. 4, say that the 3-masted Ameri-
can schooner Alice McDonald, with a
cargo of coal, from Newcastle to San
Francisco, is tied up in Pago Pago
harbor and her crew, which mutinied,
is under arrest. The crew have been
sent to the United States. The trouble
with the crew began at Apia. The
Alice McDonald put in at Apia in a
leaking condition. About 200 tons of
coal was sold and the vessel, being
lightened, a survey was held by order
of Vice Consul Blacklock. The sur-
veyors reported favorably on the con-
dition of the boat, but the whole crew
refused to go to sea, wanting to be
paid off. They were put on board the
vessel, where they absolutely refused
to work. Consul Blacklock sent to
Commandant Sebree of Tutuila to go
up with the Abanenda to Apia to see
if the presence of the United States
ship would not have a moral effect
on the crew. Captain Sebree persua-
ded the crew to go to sea. The ves-
sel was towed out of the harbor eight
miles. After the tow ropes were let
down and the schooner was on her
way a signal was made to the warship
that the crew still refused duty. Cap-
tain Sebree sent an officer over, who
took charge of the vessel, causing the
disobedient crew to be arrested, and
sent to the warship, and the Abanenda
towed the schooner to Pago Pago.

FIVE HELD FOR MURDER.

Old Man Murdered for His Pension
Near Kansas City.

Kansas City, Feb. 19.—The body of
Noah Long, the old man who, accord-
ing to Rhoda Taylor's confession, after
being robbed on the night of Jan. 30,
was thrown from the Old Southern
bridge, which spans the Kaw river
between Argentine and Armourdale,
was found during the day not 20 feet
from the spot indicated by the wo-
man's confession. There were no
wounds on the body and the doctors
who held an autopsy over the body de-
clared that Long's death was caused
by drowning. The body was found by
some laborers who were trying to re-
lease some sand scows from the ice.
The finding of the body corroborates
the statement of Rhoda Taylor that
the old man after being robbed of the
\$210 pension money, which he had re-
ceived that day, was thrown into the
river. Henry Donohue, Jr., and James
Goff, according to the confession,
threw Long into the river, but David
Moran, Marjorie Donohue and Rhoda
Taylor were all parties to the robbery,
and all are held on suspicion of com-
plicity in the murder.

CONFESSION OF FORGERY.

David City (Neb.) Bank Cashier Ad-
mits Shortage of \$60,000.

Omaha, Feb. 19.—Amos Gould, for-
mer cashier of the Platte Valley State
bank of Bellwood, says a David City,
Neb., special to The World-Herald,
pleaded guilty to the forgery of 11
notes ranging in amount from \$150 to
\$1,400. He threw himself upon the
mercy of the court, saying that if re-
leased he and his friends would soon
make up his defalcations. In the
course of his remarks he admitted to
the forgery of \$60,000, but he said he
could not tell whether or not that
was the total amount of his for-
geries. Judge Sornberger evidently
sympathized with Gould's family, but
told Gould that it was unreasonable for
him to ask a light sentence, for the im-
position of a brief punishment would
cause others to follow in his steps.
He added that he desired time for con-
sideration as to the punishment to be
imposed and would pronounce sen-
tence later.

Holocaust Narrowly Averted.

Seattle, Wash., Feb. 19.—The great
Treadwell mines on Douglas Island
were assailed by fire on Tuesday, Feb.
11, and a terrible holocaust was pre-
vented with great difficulty. The
Alaska-American compressor building
was entirely destroyed. For hours
over 100 miners in the lower workings
were in danger, but so far as known
no lives were lost.

HAD NARROW ESCAPES

FIRE BREAKS OUT IN THE DAT-
TLE (MICH.) ADVENTIST
SANITARIUM.

THREE HUNDRED INMATES

All Compelled to Leave the Building

by Way of the Fire Escapes, Losing
All Their Personal Effects—One
Man Believed to Have Perished in
the Flames—Several Firemen Fall
From Ladders.

Battle Creek, Mich., Feb. 19.—The
large Adventist sanitarium and hos-
pital buildings located here were de-
stroyed by fire during the day, causing
a loss of about \$500,000, with only
\$160,000 insurance, besides great per-
sonal loss to 300 patients who were
in the main building, and who only
had time to escape in their night
clothes.

One life is supposed to have been
lost. Abner Case, aged 83 years, of
Bath, N. Y., is missing and it is
thought his body is buried in the ruins.
There were at least 300 persons in
the main building when the fire broke
out in the basement. This building
was five stories high and as soon as
the fire was discovered, the night at-
tendants on each floor gave the alarm
in the corridors and the patients made
their escape down the fire escapes,
aided by the nurses. They did not
have time to collect their personal ef-
fects. Mrs. H. C. McDaniels of Bath,
N. Y., jumped from a fire escape about
two stories from the ground and had
a leg broken. She was also injured
internally and about the head. None
of the other inmates sustained in-
juries so far as known. They were all
cared for in the Phelps sanitarium and
in private homes near by.

Several Firemen Injured.

The firemen were handicapped by
insufficient water pressure, and in two
hours the buildings were in ruins.
While fighting the fire from ladders
Fireman Henry A. Lucas fell to the
ground and received injuries of a se-
rious nature. Fireman Arthur Robin-
son also fell from a ladder and was
badly hurt about the body. His lungs
were also injured by inhaling fire.

Assistant Fire Chief Fred H. Webb
fell from a ladder. His head was in-
jured and ribs were broken. Fireman
Frank C. Houghtaling also received se-
rious injuries.

Fire Captain Ponda saved eight
lives. Among the patients were Ira
D. Sankey, the evangelist, and his wife,
who climbed down a fire escape.

The original building was built about
20 years ago, and since then annexes
to the right and left and two large
wings extending back had been added.
The structure is a complete ruin. Im-
mediately adjacent was the hospital
building, five stories high and with
100 beds. The blaze jumped the in-
tervening space in spite of the efforts
of the firemen, but there had been
sufficient warning to the attendants
and patients had been carried to
places of safety. However the build-
ing with all its apparatus was doomed.
The management of the sanitarium
say it will be rebuilt at once. The
cause of the fire is said to have been
an explosion of chemicals.

RATES WILL GO UP.

Fire Insurance Companies Have of
Late Been Heavy Losers.

New York, Feb. 19.—The Journal
of Commerce says that at a largely at-
tended meeting of fire insurance com-
panies held Tuesday afternoon a res-
olution was adopted providing for an
advance in rates throughout the United
States east of the Rocky moun-
tains, with the exception of New York
city and its immediate vicinity. The
resolution, as given by The Journal
of Commerce, gives as the reason for
this advance that losses have been
very heavy, and during 1901 a remark-
able number of fire insurance com-
panies were forced to liquidate. The
Paterson and Waterbury conflagra-
tions, coming on the heels of a bad
year, necessitated prompt action by
insurance companies.

It was agreed that throughout the
country named rates shall be advanced
25 per cent on mercantile stocks in
all buildings except such as are oc-
cupied as dwellings above the grade
floor, and on frame store buildings;
also on all manufacturing risks and
other special hazards which have not
been rated under revised and approved
schedules within one year.

Newspaper Publishers in Session.

New York, Feb. 19.—The American
Newspaper Publishers' association held
the first day's session of their 16th
annual meeting at the Waldorf-
Astoria during the day. About 160
publishers, representing newspapers
from coast to coast, were present.
The day's business was entirely con-
fined to a discussion of topics rela-
tive to the advertising departments of
newspapers. S. H. Kauffmann, the
president of the association, presided.

Prince Given Two Years.

Kansas City, Feb. 19.—William
Prince has been formally sentenced to
two years in the penitentiary. Judge
Davis overruled a motion for a new
trial, and the prisoner decided not to
appeal. Prince was found guilty of
complicity in the murder of his brother-
in-law, P. H. Kennedy. Prince's sis-
ter, who did the killing, was given a
10-year sentence, and her father and
another brother are still awaiting trial
for complicity.

Two Miners Killed.

Bessemer, Mich., Feb. 19.—William
Hall and Louis Pitlake were killed and
Gust Elowson was injured by the pre-
mature explosion of a blast at the
West Colby mine of the Colby Mining
company.

WATER CAN BURN.

Scientific Invention Said to Have Been
Made in Germany.

Berlin, Feb. 19.—Water can be en-
dowed with qualities similar to those
of petroleum by an invention patented
by Dr. Karl Lietz, a chemist of Ham-
burg, whose supporters assert that
the process foreshadows an industrial
revolution second only to the discov-
ery of electricity.

Dr. Lietz has manufactured a fluid
which gives to water the combustible
qualities of oil, and renders it capable
of producing intense heat and a pure
white light twice as strong as petro-
leum flame.

The ingredients of the fluid are non-
explosive, and can be produced either
in solid or liquid form according as
intended to be used for heating or
lighting. Exhaustive tests just com-
pleted at Hamburg have induced an
English syndicate to buy the invention
for the purpose of exploiting it on a
larger scale.

NEW COAL COMPANY.

Morgan to Acquire Mines in Hocking
and Sunday Creek Valleys.

Columbus, O., Feb. 19.—Reports are
current in local coal and railroad cir-
cles of the organization of a new coal
company by the Morgan syndicate to
acquire 15 independent coal mines on
the Hocking Valley and Ohio Central
railroads. The new company is to be
known as the Continental Coal com-
pany, it is said, and the capitalization
will be \$15,000,000. The new combine
will include all the mining properties
in the Hocking and Sunday creek val-
leys, with the exception of the new
Pittsburg and Glendale mines, which
have been acquired by the Pittsburg
combine. There is a probability that
the larger mines on the Columbus,
Shawnee and Hocking railroad may
also be included in the deal.

RECALLED FROM COMMITTEE.

Minnesota House Makes a Special Or-
der of the New Tax Code.

St. Paul, Feb. 19.—The house of rep-
resentatives recalled the tax bill from
the committee on taxes and tax
laws, and made the bill a special or-
der for the following morning, gave
the judiciary committee a hint to be-
gin work on the constitutional amend-
ments, which was promptly heeded,
and refused to mix the question of tax
legislation for the present and consti-
tutional amendments for the future.

The senate is waiting on the house
and will not attempt to reach any
conclusions on the tax bill until the
house has finished. Meanwhile, it will
clear the tables of the other legisla-
tion that is pending. The Bobleter
release bill may be an exception. It
was laid on the table during the morn-
ing, and is likely to stay there.

TELEGRAPHIC BREVITIES.

The North Atlantic squadron, under
the command of Rear Admiral F. J.
Higginson, has arrived at Cienfuegos.
The death is announced of Julius
Wolff, the celebrated osteologist and
orthopedist of the University of Ber-
lin.

Albert Bierstadt, the artist, is dead
at his residence in New York city,
aged 72. He was born at Dusseldorf,
Germany.

Robert Milroy, a well-known horse-
man and secretary of the California
Jockey club, is dead at San Francisco
from injuries received in a street car
accident two weeks ago.

Senator Scott, from the senate com-
mittee on public buildings, has re-
ported favorably the bill authorizing the
construction of a public building at
New Orleans, at a limit of cost of \$1,
250,000.

J. P. Morgan & Co. have distributed
a dividend of \$10,000,000 to the mem-
bers of the syndicate formed to under-
write the United States Steel corpora-
tion. The dividend represents 5 per
cent of the \$200,000,000 for which the
syndicate was liable.

WILL VOTE ON MONDAY

SENATE AGREES ON TIME FOR
DISPOSAL OF PHILIPPINE
TARIFF BILL.

MR. WELLINGTON'S ADDRESS

Opposes the Pending Measure on the
Grounds of Taxing People Without
Representation and Governing
Them Against Their Will—Speech
of Mr. Wheeler Last Friday Dis-
cussed by the House.

Washington, Feb. 19.—It was agreed
by the senate during the day that a
final vote on the Philippine tariff bill
and the pending amendments should
be taken next Monday afternoon at
4 o'clock. The only stipulation made
by the minority was that the last day's
debate should be devoted to speeches
not exceeding 15 minutes in duration.

Senator Wellington of Maryland spoke
in opposition to the pending bill and
Senator Stewart of Nevada in support
of the measure. Mr. Wellington's
address covered the Philippine ques-
tion generally.

He set forth his well known views
forcefully. He had always been a
Republican, he said, a believer in the
system of protection and a supporter
of the gold standard, but he had come
to the parting of the ways with his
party in 1898, when it developed "its
imperialistic tendencies." He opposed
the pending tariff bill, because he
did not think congress had the right
to enact legislation by which people
were taxed without representation and
governed without their consent.

Mr. Stewart made a brief legal and
constitutional argument in support of
the authority of congress to hold the
Philippines, and to provide a proper
government for their inhabitants.

Philippine War Discussed.

From the beginning of the war in
the Philippines, it was evident, he in-
sisted, that it would continue until
the bitter end—that is, until the Phi-
lippines should be subjugated or abso-
lutely exterminated.

Passing incidentally from the Philip-
pines to Cuba, Mr. Wellington referred
to the battle of Santiago where the
American squadron, he declared, was
under the command of Rear Admiral
Sampson, but was led by "the Mary-
land hero, Admiral Schley."

Mr. Wellington said that after the
ratification of the treaty of Paris the
American administration had had no
definite Philippine policy. He ridicu-
led Mr. Lodge's assertion that congress
should make no promises to the Phi-
lippines, that it "should not mortgage the
unknown future."

At the conclusion of Mr. Well-
ington's speech, a house bill appropriat-
ing \$5,000 to clear the Potomac river
near Washington of ice was passed.

Mr. Stewart of Nevada then ad-
dressed the senate in support of the
administration's Philippine policy.

The senate then at 4 o'clock went
into executive session, and at 4:08 p.
m. adjourned.

HOUSE PROCEEDINGS.

Last Friday's Speech of Mr. Wheeler
Severely Criticized.

Washington, Feb. 19.—The speech
of Mr. Wheeler of Kentucky, in the
house last Friday, when he bitterly
assailed Secretary Hay and Lord
Painceforte and criticized the official
preparations for the reception of
Prince Henry, had a sequel in the
house during the debate on the Indian
appropriation bill. Mr. Gillett of
Massachusetts in a half hour speech
declared that the intemperance of Mr.
Wheeler's language carried its own
condemnation. Nevertheless, he (Gil-
lett) grievously deplored such an af-
front to a foreign country. During the
course of the speech two Democrats—
Robinson of Indiana and Thayer of
Massachusetts—disclaimed any sym-
pathy with Mr. Wheeler's utterances.

These disclaimers drew from Mr. Tal-
bert of South Carolina the statement
that he desired to share in the respon-
sibility of the speech, every word of
which he said he endorsed. Mr.
Wheeler himself subsequently replied to
Mr. Gillett, reaffirming what he had
said, and declaring that he would
stand by his words whether they were
discreet or not. He read a number
of letters, telegrams and one cable-
gram from London commending his
utterances. The incident was the
feature of the day.

Earlier in the session Mr. Hill of
Connecticut and Mr. Shafroth of Colo-
rado discussed the former's bill to re-
deem silver in gold. Mr. Burleson of
Texas criticized the president for
changing his position on trusts.

The Indian bill itself was not touch-
ed in the speech-making.

Miners Perish in Snowdrift.

Seattle, Wash., Feb. 19.—A special
to The Post-Intelligencer from Ketch-
ikan, states that three miners perished
in a snowdrift on Prince of Wales is-
land on the morning of Feb. 3. They
were Thomas McDevitt, James Lodge
and Chris Jensen. The men were
carried 400 feet down a mountain side
by the avalanche and buried deep be-
neath the snow. The bodies were re-
covered.

Twenty-six Families Homeless.

Chicago, Feb. 19.—Twenty-six fam-
ilies were burned out in a fire that
destroyed the 4-story apartment build-
ing located at Fifty-sixth street and
Madison avenue. Many women and
children were compelled to leave the
building by way of the fire escapes,
aided by firemen, but all the occupants
of the structure have been accounted for.

Postmaster Commits Suicide.

Hastings, Neb. 19.—Louis R. Part-
ridge, for six years postmaster at Ken-
saw, this county, committed suicide
by shooting himself in the head. His
act, it is apparent, was due to the dis-
covery to a shortage in his accounts.

RIOTING CONTINUES.

Troops Repeatedly Charge the Mobs
Made in Barcelona.

Barcelona, Feb. 19.—Rioting was re-
newed here during the evening and
crowds of strikers paraded the streets
doing extensive damage. The troops
charged them repeatedly, but only suc-
ceeded in dispersing them on opening
fire. The strikers then assembled in
large numbers in the outskirts of the
city. It is feared they meditate an
attack upon the factories. Troops
have proceeded to the factories to be
in readiness for an emergency.

A serious collision between the
troops and the strikers occurred at
San Martin, a village in the suburbs.
Here the troops fired on the mob, kill-
ing three and wounding six. At Bad-
alena the mob attacked the gendarmes
and the cavalry who were protecting
the street cars, and a serious melee
followed, in which one person was
killed and three were wounded. At
Sabadell, also in the suburbs, the
strikers burned the tax offices and a
convent.

Troops have been sent to Sabadell
and other places to suppress the dis-
orders.

The new prefect presided at a con-
ference of delegates from the strikers
and their employers, at which it was
agreed that work should be resumed
pending the adjustment of the claims
of the strikers by a mixed commission.

Madrid, Feb. 19.—The strike move-
ment threatens to involve the whole
of Catalonia. The strict censorship
maintained makes it difficult to get
accurate news of the occurrences. One
of the chief aims of the strikers at
Barcelona seems to be to prevent the
sale of food. The slaughter houses
are filled with meat which the strikers
prevent from being delivered to the
shops. Similar conditions exist in the
other food markets, with the result
that prices are rising and a famine
is feared. It is believed the strikers
have secreted stores of provisions.

Both houses passed a bill suspend-
ing the constitutional guarantees in
the sub-province of Barcelona.

CREW UNDER ARREST.

Mutiny on Board an American Mer-
chantman at Pago Pago.

San Francisco, Feb. 19.—Advices
from Tutuila, Samoa, under date of
Feb. 4, say that the two-masted Ameri-
can schooner Alice McDonald, with a
cargo of coal, from Newcastle to San
Francisco, is tied up in Pago Pago
harbor and her crew, which mutinied,
is under arrest. The crew have been
sent to the United States. The trouble
with the crew began at Apia. The
Alice McDonald put in at Apia in a
leaking condition. About 200 tons of
coal was sold and the vessel, being
lightened, a survey was held by order
of Vice Consul Blacklock. The sur-
veyors reported favorably on the con-
dition of the boat, but the whole crew
refused to go to sea, wanting to be
paid off. They were put on board the
vessel, where they absolutely refused
to work. Consul Blacklock sent to
Commandant Schree of Tutuila to go
up with the Abanenda to Apia to see
if the presence of the United States
ship would not have a moral effect
on the crew. Captain Schree persua-
ded the crew to go to sea. The vessel
was towed out of the harbor eight
miles. After the tow ropes were let
down and the schooner was on her
way a signal was made to the warship
that the crew still refused duty. Cap-
tain Schree sent an officer over, who
took charge of the vessel, causing the
disobedient crew to be arrested, and
sent to the warship, and the Aban-
enda towed the schooner to Pago Pago.

FIVE HELD FOR MURDER.

Old Man Murdered for His Pension
Near Kansas City.

Kansas City, Feb. 19.—The body of
Noah Long, the old man who, accord-
ing to Rhoda Taylor's confession, after
being robbed on the night of Jan. 30,
was thrown from the Old Southern
bridge, which spans the Kaw river
between Argentine and Armourdale,
was found during the day not 20 feet
from the spot indicated by the wo-
man's confession. There were no
wounds on the body and the doctors
who held an autopsy over the body de-
clared that Long's death was caused
by drowning. The body was found by
some laborers who were trying to re-
lease some sand scows from the ice.

The finding of the body corroborates
the statement of Rhoda Taylor that
the old man after being robbed of the
\$210 pension money, which he had re-
ceived that day, was thrown into the
river. Henry Donohue, Jr., and James
Goff, according to the confession,
threw Long into the river, but David
Moran, Marjorie Donohue and Rhoda
Taylor were all parties to the robbery,
and all are held on suspicion of com-
plicity in the murder.

CONFESSON OF FORGERY.

David City (Neb.) Bank Cashier Ad-
mits Shortage of \$50,000.

Omaha, Feb. 19.—Amos Gould, for-
mer cashier of the Platte Valley State
bank of Bellwood, says a David City,
Neb., special to The World-Herald,
pleaded guilty to the forgery of 11
notes ranging in amount from \$150 to
\$1,400. He threw himself upon the
mercy of the court, saying that if re-
leased he and his friends would soon
make up his defalcations. In the
course of his remarks he admitted to
the forgery of \$50,000, but he said he
said he could not tell whether or not
that was the total amount of his for-
geries. Judge Sornberger evidently
sympathized with Gould's family, but
told Gould that it was unreasonable for
him to ask a light sentence, for the im-
position of a brief punishment would
cause others to follow in his steps.

He added that he desired time for con-
sideration as to the punishment to be
imposed and would pronounce sen-
tence later.

Holocaust Narrowly Averted.

Seattle, Wash., Feb. 19.—The great
Treadwell mines on Douglas Island
were assailed by fire on Tuesday, Feb.
11, and a terrible holocaust was pre-
vented with great difficulty. The
Alaska-American compressor building
was entirely destroyed. For hours
over 100 miners in the lower workings
were in danger, but so far as known
no lives were lost.

HAD NARROW ESCAPES

FIRE BREAKS OUT IN THE CAT-
TLE (MICH.) ADVENTIST
SANITARIUM.

THREE HUNDRED INMATES

All Compelled to Leave the Building
by Way of the Fire Escapes, Losing
All Their Personal Effects—One
Man Believed to Have Perished in
the Flames—Several Firemen Fall
From Ladders.

Battle Creek, Mich., Feb. 19.—The
large Adventist sanitarium and hos-
pital buildings located here were de-
stroyed by fire during the day, causing
a loss of about \$500,000, with only
\$160,000 insurance, besides great per-
sonal loss to 300 patients who were
in the main building, and who only
had time to escape in their night
clothes.

One life is supposed to have been
lost. Abner Case, aged 83 years, of
Bath, N. Y., is missing and it is
thought his body is buried in the ruins.
There were at least 300 persons in
the main building when the fire broke
out in the basement. This building
was five stories high and as soon as
the fire was discovered, the night at-
tendants on each floor gave the alarm
in the corridors and the patients made
their escape down the fire escapes, aided
by the nurses. They did not have
time to collect their personal effects.

Mrs. H. C. McDaniels of Bath,
N. Y., jumped from a fire escape about
two stories from the ground and had
a leg broken. She was also injured
internally and about the head. None
of the other inmates sustained in-
juries so far as known. They were all
cared for in the Phelps sanitarium and
in private homes near by.

Several firemen injured.
The firemen were handicapped by
insufficient water pressure, and in two
hours the buildings were in ruins.
While fighting the fire from ladders
Fireman Henry A. Lucas fell to the
ground and received injuries of a se-
rious nature. Fireman Arthur Robin-
son also fell from a ladder and was
badly hurt about the body. His lungs
were also injured by inhaling fire.

Assistant Fire Chief Fred H. Webb
fell from a ladder. His head was in-
jured and ribs were broken. Fireman
Frank C. Houghtaling also received se-
rious injuries.

Fire Captain Ponda saved eight
lives. Among the patients were Ira
D. Sankey, the evangelist, and his wife,
who climbed down a fire escape.

The original building was built about
20 years ago, and since then annexes
to the right and left and two large
wings extending back had been added.
The structure is a complete ruin. Im-
mediately adjacent was the hospital
building, five stories high and with
100 beds. The blaze jumped the in-
tervening space in spite of the efforts
of the firemen, but there had been
sufficient warning to the attendants
and patients had been carried to
places of safety. However the build-
ing with all its apparatus was doomed.

The management of the sanitarium
say it will be rebuilt at once. The
cause of the fire is said to have been
an explosion of chemicals.

RATES WILL GO UP.

Fire Insurance Companies Have of
Late Been Heavy Losers.

New York, Feb. 19.—The Journal
of Commerce says that at a largely at-
tended meeting of fire insurance com-
panies held Tuesday afternoon a res-
olution was adopted providing for an
advance in rates throughout the Uni-
ted States east of the Rocky moun-
tains, with the exception of New York
city and its immediate vicinity. The
resolution, as given by The Journal
of Commerce, gives as the reason for
this advance that losses have been
very heavy, and during 1901 a remark-
able number of fire insurance com-
panies were forced to liquidate. The
Paterson and Waterbury confagra-
tions, coming on the heels of a bad
year, necessitated prompt action by
insurance companies.

It was agreed that throughout the
country named rates shall be advanced
25 per cent on mercantile stocks in
all buildings except such as are oc-
cupied as dwellings above the grade
floor, and on frame store buildings;
also on all manufacturing risks and
other special hazards which have not
been rated under revised and approved
schedules within one year.

Newspaper Publishers in Session.

New York, Feb. 19.—The American
Newspaper Publishers' association
held the first day's session of their
16th annual meeting at the Waldorf-
Astoria during the day. About 160
publishers, representing newspapers
from coast to coast, were present.
The day's business was entirely con-
fined to a discussion of topics rela-
tive to the advertising departments of
newspapers. S. H. Kauffmann, presi-
dent of the association, presided.

Prince Given Two Years.

Kansas City, Feb. 19.—William
Prince has been formally sentenced to
two years in the penitentiary. Judge
Davis overruled a motion for a new
trial, and the prisoner decided not to
appeal. Prince was found guilty of
complicity in the murder of his brother-
in-law, P. H. Kennedy. Prince's sister,
who did the killing, was given a
10-year sentence, and her father and
another brother are still awaiting trial
for complicity.

Two Miners Killed.

Hessemer, Mich., Feb. 19.—William
Hall and Louis Pitke were killed and
Gust Klownson was injured by the pre-
mature explosion of a blast at the
West Colby mine of the Colby Mining
company.

WATER CAN BURN.

Scientific Invention Said to Have Been
Made in Germany.

Berlin, Feb. 19.—Water can be en-
dowed with qualities similar to those
of petroleum by an invention patented
by Dr. Karl Lietz, a chemist of Ham-
burg, whose supporters assert that
the process foreshadows an industrial
revolution second only to the discov-
ery of electricity.

Dr. Lietz has manufactured a fluid
which gives to water the combustible
qualities of oil, and renders it capable
of producing intense heat and a pure
white light twice as strong as petrol-
eum flame.

The ingredients of the fluid are non-
explosive, and can be produced either
in solid or liquid form according as
intended to be used for heating or
lighting. Exhaustive tests just com-
pleted at Hamburg have induced an
English syndicate to buy the inven-
tion for the purpose of exploiting it on a
larger scale.

NEW COAL COMPANY.

Morgan to Acquire Mines in Hocking
and Sunday Creek Valleys.

Columbus, O., Feb. 19.—Reports are
current in local coal and railroad cir-
cles of the organization of a new coal
company by the Morgan syndicate to
acquire 15 independent coal mines on
the Hocking Valley and Ohio Central
railroads. The new company is to be
known as the Continental Coal com-
pany, it is said, and the capitalization
will be \$15,000,000. The new combine
will include all the mining properties
in the Hocking and Sunday creek val-
leys, with the exception of the new
Pittsburg and Glendale mines, which
have been acquired by the Pittsburg
combine. There is a probability that
the larger mines on the Columbus,
Shawnee and Hocking railroad may
also be included in the deal.

RECALLED FROM COMMITTEE.

Minnesota House Makes a Special Or-
der of the New Tax Code.

St. Paul, Feb. 19.—The house of rep-
resentatives recalled the tax bill from
the committee on taxes and tax
laws, and made the bill a special or-
der for the following morning, gave
the judiciary committee a hint to be-
gin work on the constitutional amend-
ments, which was promptly heeded,
and refused to mix the question of tax
legislation for the present and consti-
tutional amendments for the future.

The senate is waiting on the house
and will not attempt to reach any
conclusions on the tax bill until the
house has finished. Meanwhile, it will
clear the tables of the other legisla-
tion that is pending. The Bobleter
release bill may be an exception. It
was laid on the table during the morn-
ing, and is likely to stay there.

TELEGRAPHIC BREVITIES.

Chronic Rheumatism Cured.

SIoux CITY, IA., May 8, 1900.

MEDERINE REMEDY CO.,
West Superior, Wis.

GENTLEMEN: I have been a constant sufferer
from Chronic Rheumatism for the past three
years, necessitating the use of crutches most of
the time to walk. I heard of MEDERINE and
got my druggist to order a bottle. I took it ac-
cording to directions. It helped me so much that
I took four bottles more, with the result that I
am entirely cured. God bless MEDERINE. It is
my daily prayer. WARREN MOORE
